This means the Ambassador in  
Nicosia wants to weigh in on the  
design for the new FBIS bureau  
in Cyprus. Which is o.k. with  
me.

Thank you for your letter of February 25, 1985. I appreciate your having reexamined the question of FBIS sites on the basis of our conversation during your recent visit here. Since the technical considerations seemed to weigh heavily in favor of Site D, I am happy to accept FBIS' decision. I look forward to seeing the architect's design whenever it is ready, and suggest it be made available to me at the earliest possible moment so that any suggestions the Embassy might have will not be unnecessarily disruptive.

Again, thanks for your letter. It was a pleasure to see you here, and I look forward to further personal contacts in the future.

Sincerely,

A handwritten signature in dark ink, appearing to read "Richard W. Boehm".
